Professional Summary:

Dedicated Software Engineer with expertise in Python, OOP, and DSA, specializing in building scalable and efficient solutions. Skilled in modular design and algorithmic optimization to solve complex challenges. Proficient in collaborating within dynamic teams to deliver impactful software projects.

Educational Qualifications:

- **Degree : B.Tech-Information Technology** , University College of Engineering Villupuram , **CGPA : 8.1.**
- **HSC :** Mullai Higher Secondary School, Thottiyam , 91%
- **SSLC :** Mullai Higher Secondary School, Thottiyam, 93%

Skills:

- **Technical Skills :** Version Control , Computer Vision.
- **Soft Skills :** Initiative , Adaptability , Collaborative , Time Management.
- **languages : Python ,** C , MySQL.

Internship:

- Completed Internship on the domain **Artificial Intelligence** offered by NoviTech R&D Private Limited from 10th July 2024 to 10th August 2024.
- When acquired a hands on experience on designing and Implementing various Computer Vision models on various applications.

Projects: Object Detection

- Build a system to detect and classify objects in real-time using custom-trained deep learning models.
- Detects objects, draws bounding boxes, and provides labels with confidence scores for various applications.
- Uses technologies like Python, OpenCV, and custom models trained on specific datasets for tailored object detection.

Certifications:

- Python Course , By Scaler , 05th July 2023.
- Introduction to Data Science , By Infosys , 06th August 2024.
- Intoduction to SQL ,By Simplilearn , 18th September 2024.

Achievements:

- Won First price in the domain of **Innovative Working Models** in Intra Institutional Innovation competition organized by Institution Innovation Council (IIC) of UCEV.

Sincerely,

Ragul R.
